

EDUCATION

Yale University

Doctor of Philosophy in Psychology

New Haven, CT
Expected May 2029

Johns Hopkins University

Bachelor of Science

Baltimore, MD
May 2023

- Majors in Neuroscience and Cognitive Science
- GPA: 3.99

PUBLICATIONS

- Effects of Setting on Psychedelic Experiences, Therapies, and Outcomes: A Rapid Scoping Review of the Literature Published: February 10, 2022
- Word-timestamped transcripts of two spoken narrative recall functional neuroimaging datasets Published: August 9, 2023

TALKS

- [sne 2026]

PRESENTATIONS

- [cpc 2026]
- [Cog neuro meeting]
- [cpc 2025]
- [sne 2025]
- First Year Symposium:
Is goal-congruent decision-making associated with depression? September 20, 2024
- Computational Psychiatry Conference:
Depressive symptoms impair goal-congruent choices during risky decision-making July 18, 2024
- DREAMS Conference:
Emotional Modulation of Episodic Memory October 28, 2022
- Omega Psi Undergraduate Conference:
Emotional Modulation of Recall from Viewing Naturalistic Stimuli April 9, 2022

HONORS AND AWARDS

- Yale Wu Tsai Graduate Fellowship for \$11,000.00 August 2023 - Present
- [Wu tsai travel award to sfn]
- Dean's List Fall 2019, Fall 2020, Spring 2021, Fall 2021, Spring 2022, Fall 2022, Spring 2023
- Isaac and Catharine S. Hecht Scholarship for \$15,535.00 October 2022

RESEARCH EXPERIENCE

ROBB RUTLEDGE LAB

PhD student

Yale University
August 2023 - Present

- Recruiting 80+ depressed participants for month long psychophysiology project with:
 - Resting state and task fMRI
 - Measurement of depression by the PHQ-8 at 3 timepoints
- Ran 600+ online participants on novel goal-directed risky decision-making task
 - Established new prospect theory-based model for task, challenging the literature's current understanding of prospect theory
 - Created fMRI version of task

JANICE CHEN LAB

Research Assistant

Johns Hopkins Homewood Campus
September 2020 – May 2023

- Ran 60+ participants in naturalistic memory experiment, where participants surfed the Internet and gave free recall
- Utilized MATLAB in analyzing data from experiments, such as similarity matrices and activity to recall time matching
- Analyzed 2 sets of naturalistic brain data from previous experiments during recall to find emotion centers of brain with principal investigator Dr. Janice Chen

CENTER FOR PSYCHEDELIC AND CONSCIOUSNESS RESEARCH

Research Intern

Johns Hopkins Bayview Medical Center
May 2021 – August 2022

- Trained on Music Information Retrieval package in MATLAB

- Read through relevant literature with assistance from principal investigator Dr. Frederick Barrett
- Produced 300+ truncated musical stimuli for psilocybin therapy experiment

INTERNATIONAL ARTS + MIND LAB

Research Intern

- Sorted through 1000+ papers for aesthetics in psychedelic therapy literature review

Johns Hopkins School of Medicine

June 2021 – August 2021

BAKKER MEMORY LAB

Research Assistant

- Quality checked 10+ brains with the Research Program Coordinator
- Segmented 15+ brains

Johns Hopkins School of Medicine

May 2022 – May 2023

TEACHING EXPERIENCE

TEACHING FELLOW

Introduction to Cognitive Science

- Held weekly reviews at office hours attended by 5+ students on average
- Held pre-exam reviews attended by 20+ students on average
- Co-guest lectured on reasoning and rationality
- Created and graded 2 exams and 1 essay in collaboration with other teaching fellows and instructor Dr. Brian Scholl

Yale University

August 2024 – December 2024

TEACHING ASSISTANT

Cognitive Neuropsychology of Visual Perception

- Held weekly office hours
- Graded 3 exams and 2 papers
- Optimized and structured class in collaboration with fellow teaching assistants and instructor Dr. Michael McCloskey

Johns Hopkins Homewood Campus

January 2022 – May 2022

TEACHING ASSISTANT

Introduction to Cognitive Neuropsychology

- Held weekly office hours
- Cowrote 3 exams
- Graded 3 exams and 2 papers
- Optimized and structured class in collaboration with fellow teaching assistants and instructor Dr. Michael McCloskey

Johns Hopkins Homewood Campus

August 2022 – December 2022

LEARNING DEN

Personalized Tutor

- Tutored 6 students in courses such as Physics, Organic Chemistry, and Neuroscience: Cellular and Systems

Johns Hopkins Homewood Campus

March 2020 – May 2023

PILOT

Peer-Led-Team Learning Leader

- Facilitated 1.5 hour weekly sessions where 6 students worked on a new Physics or Chemistry problem set
- Streamlined problem sets with fellow PILOT leaders

Johns Hopkins Homewood Campus

August 2021 – May 2023

WORK EXPERIENCE

STUDY CONSULTING

Consultant

- Built better study habits for 2 students once a week in 30 minute to 1 hour sessions

Johns Hopkins Homewood Campus

August 2021 – December 2021

TECHNICAL SKILLS

Coding Languages/Software: MATLAB, Python, Shell Script (Bash), R

Laboratory techniques: fMRI, EEG, bacterial transformation and protein isolation

Foreign languages: Spanish and German (Intermediate), Mandarin (Native speaker)

REVIEWING

Emotion

- Co-review with Dr. Joseph Heffner

COMMUNITY INVOLVEMENT

PSYCHOLOGY DEPARTMENT CURRENT WORKS

Neuroscience Area Organizer

- Coordinated the lunch with 4 speakers and logistics of the speaker's day

Yale University

August 2024 – Present

- Disseminated information on talks to the Psychology Department and the wider neuroscience community at Yale

PSYCHOLOGY DEPARTMENT DIVERSITY, EQUITY, AND INCLUSION COMMITTEE

Yale University
July 2024 - Present

Co-chair

- Held monthly meetings to coordinate initiatives that promote diversity and promote diversity events
- Restarted and sat on panel for the Bootcamp Initiative to illuminate the graduate school application process for psychology attended by 20+ students
- Facilitated the organization of accessibility resources for the Yale Psychology Department
- Organized Diversity Colloquium Talk with Dr. Elizabeth Hintz on health care in marginalized groups
- Worked with faculty-led diversity committee CREJ to []

PSYCHOLOGY DEPARTMENT INTERVIEW DAY COMMITTEE

Yale University
January 2024 – February 2024

Neuroscience Area Organizer

- Coordinated the meeting schedules of 10+ faculty and 20+ interviewees
- Oversaw logistics of dinner and lunch with graduate students within the area and transport to and from the hotel

WU TSAI INSTITUTE STUDENT, POSTBAC, AND POSTDOC COLLECTIVE

Yale University
August 2023 - Present

Member

- Sat on Adjusting to Graduate Life panel for 15+ students
- Organized Spring Break research opportunity for local New Haven high school students

NU RHO PSI: UNDERGRADUATE NEUROSCIENCE HONORS SOCIETY

Johns Hopkins Homewood Campus
September 2020 – May 2023

Treasurer and Mentor

- Mentored 2 students through the Glial Cell Network mentorship program
- Acquired funds for Nu Rho Psi's events, such as annual High Table research dinner
- Planned general body meetings where 100+ attend every two weeks with faculty
- Organized research talk with Dr. Tasha Golden on the Arts in Mental Health in partnership with 2 other clubs, 35+ students

OMEGA PSI: UNDERGRADUATE COGNITIVE SCIENCE HONORS SOCIETY

Johns Hopkins Homewood Campus
September 2020 – May 2023

Treasurer and Mentor

- Mentored 4 students through mentorship program, meeting at least once a semester
- Acquired funds for Omega Psi's events, such as general body meetings and Annual Conference
- Grew general body meetings from around 10 members to 50+
- Planned 5th, 6th and planning 7th Annual Conference, where speakers from various other universities speak to 100+ students
- Revamped honors membership qualifications with rest of Omega Psi Executive Board and Cognitive Science Department's Academic Program Coordinator

THREAD

Baltimore, MD
February 2020 - October 2021

Head of Family

- Provided academic and social mentorship to a struggling, underprivileged high school student in Baltimore as well as a fellow volunteer in “family”
